

Nigel Bridle

I have several years' experience as a Unison Rep. I have been active in the Pay and Reward campaign to maximise the benefits to Unison members including negotiating with senior managers of BCP.

I have supported members through transfers of employer from Tricuro to BCP. This involved regrading, changes to T&Cs, contracts and redundancies.

I have supported many members through disciplinary/grievance procedures and absence/sickness reviews.

I have helped members with long-term health problems (including work-related injuries) access ill-health retirement, pensions and welfare benefits. I am Unison Health and Safety Officer.

I have a good knowledge of BCP ways of working, and can rapidly access detailed information from Unison experts and legal advisors.

As an effective Unison Rep, I focus on members' issues, and respond effectively to your concerns.

As Branch Secretary I will always put members' interests first and respond promptly to queries and needs.

I am dedicated to upholding the rights of all members across all communities and fighting discrimination. I will represent you with respect, experience, skills and knowledge.

I will support members to access educational resources and training.

I will continue to support recreational activities as Unison Branch Secretary dedicated to you.
